

It's been a busy August here at Grampians Gardens Tourist Park.

It has been all systems go at Grampians Gardens Tourist Park since June; Two of the team have become senior first aid accredited and the park has progressed in our aim to become Eco friendly with us starting the recycling programme. Other changes that have been implemented so far include the redecoration of part of the ladies ablutions, with aim to complete the gents by the end of the September.

Re-development of the campers kitchen is now in full swing and will soon have stainless steel worktops, sink, and at last hot running water.

But perhaps the most exciting news to inform our guests about is the arrival of two new deluxe cabins.

1/ Marking out the cabin locations

2/ Digging the holes for ready for concrete footings

3/ The cabins arriving by truck

4/ Putting the cabin into place.
